

Flying-High International Industrial Supply Co., Ltd.

Lawn and garden tools including pruners, hedge shears, loppers, saws, rakes, sprinklers, sprayers, nozzles, hoses, and garden accessories

Setting the standard for quality products for over two decades, Flying-High International Industrial Supply Co., Ltd. is recognized as a pioneer in innovative lawn and garden tools with sales in 25 countries and regions including Japan, Australia, New Zealand, the Americas, Europe, the Middle East, and Africa.

With a team of dedicated R&D engineers constantly upgrading their know-how so as to be able to offer quality products at competitive prices, Flying-High is proud to have become a long-term supplier for prominent brands worldwide.

The company's cutting-edge technology, superior workmanship, and stringent quality control enable it to fill custom, OEM, and ODM orders. It adopts CAD and CAM processes, uses only top-quality materials, strictly manages all procedures from sourcing through finished production, and, most importantly, insists on thorough pre-shipment testing to guarantee quality.

Flying-High's facilities in the Taichung Industrial Zone in central Taiwan handle in-house die-casting, injection molding, grinding, stamping, and assembly of quality watering items as sprayers, sprinklers, garden hoses, hose connectors, nozzles, and under-ground systems, as well as garden tools including pruners, hedge shears, loppers, pruning/folding saws, rakes, and more.

Quality people, material, products, and services are factors that assure Flying-High its continuing leadership in the industry.
