

# Tai Kuan Plastic Industrial Co., Ltd.

Blow-molded plastic products as toolboxes, aftermarket auto/PTW parts, healthcare instruments, toys, etc.

Established in 1990 as a maker of blow-molded plastic products, Tai Kuan Plastic Industrial Co., Ltd. persists in its original goal to have steadily progressed and grown after over two decades of dedication.

To cope with rapid economic growth and escalating living standards, Tai Kuan keeps enhancing production technology and design capability, also regularly upgrading hardware, techniques, and worker skills to lower production cost and supply quality products and service.

With 20-plus years of experience, Tai Kuan capably fills OEM, ODM and custom orders, turning out diverse blow-molded products including toolboxes for hand, electric and pneumatic tools, aftermarket automotive and PTW parts, sports and recreational goods, healthcare instruments, packaging cases, household goods, barrels, buckets, and toys. As an eco-conscious maker, the firm uses RoHS and REACH-approved materials.

Backed by know-how and top-notch R&D team who focus on innovation, Tai Kuan is confident that it can turn customers' concepts into marketable products, and build mutually beneficial business.

Continually developing trendy products to meet ever-changing demand, Tai Kuan has proved its competitiveness in the market, also continuing to promote products globally, especially in emerging markets.
